

# Research Colloquium SoSe 24

RUHR  
UNIVERSITÄT  
BOCHUM

RUB

Department of Neural Basis of Learning

Listen to **talks** and **discussions** on different approaches to **avian cognition** as well as **current projects** of our lab.

Join us on Fridays from 12.00 p.m. – 1:00 p.m. in **GA 04/187** or via **Zoom**  
(link provided by mail upon request)

J. Rose & J.J. Ballesteros	RUB, Germany	12.04: <i>Introduction to Research Colloquium. (Students Only)</i>
Lutz Wehrland, MSc	RUB, Germany	19.04: <i>Cut my spectrograms into pieces, this is my last resort.</i>
Prof. Dr. Juan M. Rosas	UJA, Spain	03.05: <i>Attentional theory of context processing: context relevance and prediction error as precursors of context-switch effects.</i>
Winston Seah, BSc	RUB, Germany	10.05: <i>tba</i>
Lisa Clausing, BSc	RUB, Germany	17.05: <i>tba</i>
Dorian Roeders, MSc	RUB, Germany	24.05: <i>tba</i>
Sara Santos Silva, MSc	RUB, Germany	07.06: <i>Neural representation of conspecifics in the pigeon's visual stream.</i>
Farina Lingstädt, MSc	RUB, Germany	14.06: <i>Colors, wheels &amp; birds: Modelling results, roadmap to ephys and potential future directions.</i>
Nicolas Diekmann, MSc	RUB, Germany	05.07: <i>Modeling behavioral responses.</i>
Annika Verfers, BSc	RUB, Germany	12.07: <i>Benchmarking object invariance in pigeons.</i>
